Weed and Feed Bids

The grass part of our field is approximately 355,000 square feet (roughly 10 acres).

We will entertain bids for weed and feed in 3 applications.

The first would be in April and be a total weed and feed application of our total field.

The second would be in June and be a weed and feed application on the front area only. This would be around the runway and the fly over field area.

The third would be in September and be a total weed and feed application of the total field.

We will post this notice in the flypaper and our web site. Interested parties may respond by email to paul@mertes.com or gbohler@sbcglobal.net. Bids will be awarded at the April board meeting
